ABOUT US

Our Company

We create, manufacture, and distribute timeless hardwood flooring. Every one of our products is created with mastery in design and expertise in construction. We understand your desire for beautiful floors and your need for durable quality products. And that is exactly what we deliver – stunning flooring that you can take pride in.

Our History

Based out of Los Angeles, we began as a small, family-owned business in 1956. We have successfully grown by maintaining a consistent mindset of a commitment to excellence in everything we do. We are steeped in tradition and history, building on what works, while not being afraid to create what we have never seen before.

Our Products

We offer a wide range of flooring and moulding products, from the modern and cutting edge, to the classic and vintage-inspired. As flooring industry pioneers, we like to push the boundaries, while never compromising on quality. No matter what style you choose or which Garrison floor makes it to your space, rest assured that your floors are as well-made as they are beautiful.

Our Craftsman

Our flooring craftsmen are highly skilled and passionate about creating incredible products. We like to think of our craftsmen and craftswomen as hardwood flooring artisans. Every detail matters to us and is handled with care by experts. From painstakingly hand-carving our distressed flooring to stringently testing each finished batch for quality control – time, care, and joy are ingrained in every plank.

WHY GARRISON

Quality And Sustainable Materials

It all starts with the right materials. We select only the strongest trees from replenished forests for our hardwood. We adhere to environmentally responsible standards, to ensure both quality and sustainability. Our stains, washes, and finishes are all expertly created, using non-toxic, natural formulas from the world's leading brands.

State-Of-The-Art Equipment

We use state-of-the-art machines to cut, grind, and sand each plank we sell. Our production facilities are large and spacious, providing natural conditions for the wood to cure. Our proprietary kiln ovens and carbonization units further treat and protect the wood for long-term use in your space.

Options For Every Style And Budget

We take pride in the wide array of flooring we are able to offer and revel in its luxurious quality. We create flooring and mouldings for every style and for every budget. Whether you prefer the simplicity and richness of wide planked smooth faced flooring, or love the look and feel of hand distressed, wire brushed hardwood – there is something for everyone in our diverse range of collections, textures, and colors.

Dedicated To Customer Satisfaction

We know that there are numerous hardwood flooring manufacturers in the industry today and that you have a vast variety of companies to choose from. However, with decades of experience and dedication to customer satisfaction, we have consistently remained ahead of the pack. We believe there is a reason that we've been around for over 60 years and continue to grow. We stand behind every product we make and are preferred by retailers and contractors nation-wide.

Lush, Elegant, And Modern

Lush as the French countryside and elegant as St. Germain apartments – it is easy to fall in love with our French Connection line. This collection of European white oak flooring features a thick wear layer, micro-bevel edges, and is available in various face treatments. Most of these striking colors are finished with plant-based, VOC free WOCA oil for a natural, vintage-inspired look. Other colors are finished with WOCA UV oil, WOCA hard wax oil, or our traditional urethane with aluminum oxide.

Italian Inspired Charm

Luxurious Italian villas are one step away with this charming collection. You can almost smell the olive leaves and imagine the vineyards outside your window as you walk across this flooring. Choose from our beautiful, bold colors that range from light and natural, to multi-faceted grey, or dark and warm browns. These powerful colors are wire brushed, hand-scraped, and most choices are finished with our urethane with aluminum oxide to display a matte sheen. This is the ultimate flooring for a modern and elegant space.

Leonardo's Masterpiece

One might not normally think of flooring as art, but our Da Vinci line might just change your mind. With wide planks, long lengths, and a very thick wear layer, even the most doubtful mind will find that all of these sum components equate to beautiful art. These twelve exceptionally stunning, very clean European oak colors will find a place in the heart of every art lover. The beautiful white washed greys and natural toned planks will appeal to the modernist, the medium and deep browns will appeal to the traditionalist, and the warm natural oaks will appeal to everyone in between.

MOULDINGS

No floor is complete without the perfect finishing touches. Garrison Collection offers mouldings, trim pieces, and custom made-to-order stair treads and risers for every flooring we offer. Our mouldings have an impact on the professional, finished appearance of your new flooring by creating seamless transitions to other rooms and surfaces.

Garrison Collection mouldings are milled from solid, premium grade wood and custom stained and finished to match your flooring.

WARRANTIES

Nothing speaks as strongly of our staunch commitment to excellence and faith in our products as our industry leading warranties. Having been in the flooring industry for over half a century, we have the experience to offer warranties that keep with or exceed the industry standard with data and time-tested precedent to back them up.

Following our Garrison Installation Guidelines and Garrison Care & Maintenance Guidelines are critical to maintaining your warranty terms and conditions. Please read our Internet Sales Policy prior to purchasing. Exclusions apply.

ENVIRONMENT

Since 1956, the makers of Garrison Collection have taken pride in being a family business that cares about the health of your family, and the natural resources we utilize.

Today, the brand is known across North America for dazzling, modern, handcrafted floors that are low-emitting, long-lasting, and sustainably sourced. Every tree is carefully selected from rapidly renewable sources and responsibly manufactured. We use only environmentally friendly components, many of which are ZERO VOC, and all of which are CARB compliant.

These certifications demonstrate our steadfast commitment to this end. Choose Garrison with confidence. We do not offer any products that we would not (and do not) have in our homes.

US Green Building Council Member

Garrison Collection is a member of the U.S. Green Building Council. The USGBC is dedicated to expanding green building practices and education, with its LEED (Leadership in Energy and Environmental Design) Green Building Rating System.

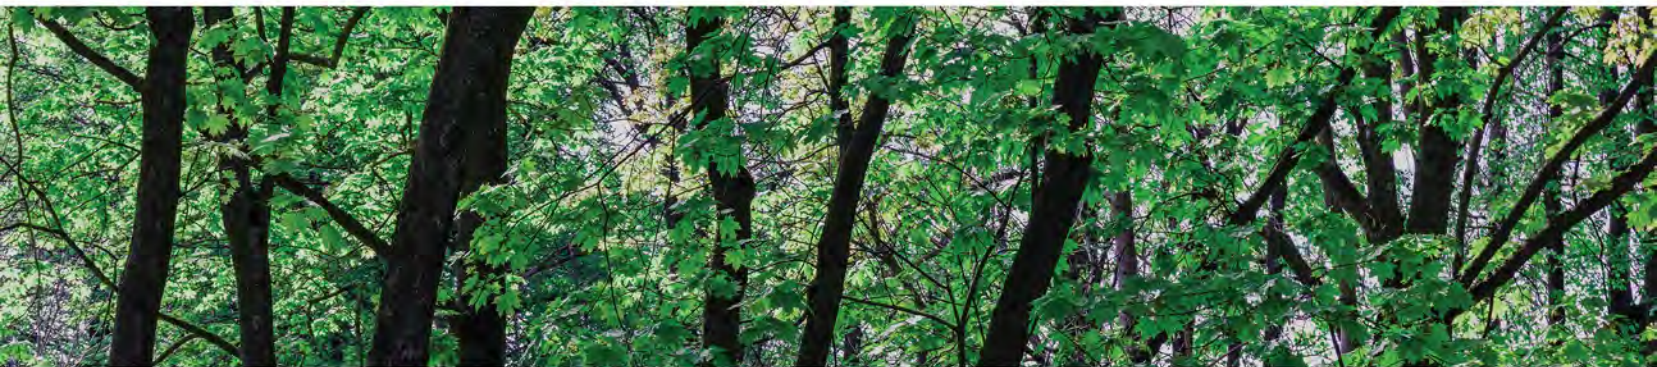

Leadership in Energy & Environmental Design

LEED is a voluntary, consensus-based national rating system for developing high-performance, sustainable buildings. Garrison Collection offers hardwood flooring, finishes, and glues that contribute toward satisfying LEED credits.

Lacey Act Compliant

All Garrison floors are Lacey Act compliant. The Lacey Act legislation requires all importers to declare the species and country of origin of any wood product making it unlawful to import, export, transport, sell, receive, acquire, or purchase any wood that comes from illegally logged trees. The Lacey Act is intended to protect forests worldwide from deforestation and prevent illegitimate wood products from entering the United States.

California Air Resource Board

The Air Resource Board works with the public, the business sector, and local governments to protect the public's health, the economy and the state's ecological resources through the reduction of air pollution.

CARB Phase II Compliant

CARB II is the world's strictest formaldehyde emission standards for composite wood products, established by the California Air Resource Board (CARB). Our flooring is regularly evaluated by a third party and certified as CARB Phase II compliant, demonstrating that we consistently meet or exceed these rigorous requirements.

National Wood Flooring Association

The National Wood Flooring Association (NWFA) is a not-for-profit trade association representing all segments of the hardwood flooring industry, including manufacturers, distributors, retailers, installers, importers/exporters, inspectors, and consultants.

The NWFA promotes the usage of wood flooring in residential, educational, and commercial environments and provides members with the education and training necessary for success.

The Hospitality Industry Network

NEWH is the premier networking resource for the hospitality industry. The network provides scholarships, education, leadership development, recognition of excellence, and business development opportunities. We proudly stand behind the NEWH mission.
